SAN FRANCISCO, CALIFORNIA

Tuesday, September 15, 1953

New Students All Over the Place for Orientation Week; 176 at Frosh Camp

Nearly two thousand new students last week became acquainted with San Francisco State College. George Poquette, chairman of on-campus orientation, was met by new freshmen and transfer students, preparing to take their places in the college's academic and social curriculum.

For some 176 entering freshmen, Orientation began Tuesday, September 8, at Asilomar-by-the-Sea. There, under the direction of director Alan Henderson, they met at the second annual Frosh Camp.

Those freshmen who did not attend the camp, along with all other new students, met Thursday, Friday, and again on Monday. Included in the program were meetings, games, tours, rallies, advising procedures, and important tests.

Separate orientation proceedings were held for (1) new freshmen and transfer students with less than 30 units; (2) transfer students with 30 units and over who have not selected majors; (3) transfer students (graduate and undergraduate) working for elementary credentials; (4) transfers who have selected liberal arts A.B. majors; (5) transfer students (graduate and undergrad) working for a general secondary credential; and (6) M.A. candidates and candidates for administrative or higher credentials.

Joe Velardo, general director of Orientation, described the three major purposes of Orientation.

"First, to give the new students a chance to become acquainted with their college, its buildings, officers, faculty, advisers, and students.

"Second, to give the college a chance to become acquainted with the new student—to learn more about him as an individual—his abilities, interests, and plans for the future.

"And third, to give him the kind of information and help which will enable him to become officially enrolled in the college—to have a program of courses."

Those students who failed to take a physical examination at Orientation are reminded that the exam is required under state law. Appointments may be made during registration.

New students oriented this fall included freshmen, undergraduate transfers, and graduates—both native and overseas students.

Alumni Start New 100 Per Cent Try

This registration week will kick off the 100 per cent membership drive to recruit the members of the 1954 graduating class for the Alumni Association.

The Alumni will have a table in the registration line to collect the \$1.50 dues from the seniors. The \$1.50 is for one year and is a special rate given to members for the first year.

Out of the amount collected, 50 cents of each \$1.50 goes into a scholarship fund. Mrs. Olga Perkins, corresponding secretary, stated that "... there is reason to hope for approximately 1200 1954 graduates. This means that through the success of the 100 per cent Drive we can award six \$100 scholarships."

Until this year, the Alumni recruited members through a final senior function, such as a senior breakfast, picnic, or tea. This has met with poor success, so the drive during registration is being inaugurated this year.

NEED GATER STAFFERS

Golden Gater staff members are needed for all phases of newspaper production. Those students interested and qualified should sign up for Journalism 102, the newspaper staff course. Two units of credit are offered in the course. Staff members are required to have previous newspaper experience or a basic course in news writing as a prerequisite.

Fee Increase

The Materials and Service fee, charged to all students registering for three or more units in the college, has been raised \$1, from \$7.50 to \$8.50 per semester.

The increase, which was authorized by a recent session of the State Legislature, becomes effective this semester.

New Campus Site For Introductory Social Function

The new campus Women's Gym will provide the location, Charlie Stern and his seven-piece band will provide the music for dancing, and the atmosphere will be one of friendly welcome as the traditional "Hello Dance" begins the fall semester social calendar this Friday evening.

The Associated Students, sponsors of the dance, announced that admission would be free to both old and new State students.

Jack Hall, activities commissioner, is in charge of the dance. He declared it an "opportunity for new students to get acquainted and old students to reunite." He added that the "Hello Dance" has become a tradition at S.F. State and has proved to be successful, inasmuch as the new student becomes a part of the college's extra-curricular activities.

Refreshments will be sold in the lobby of the gym.

News In Brief

P.L. 550

Korean vets, attending under PL 550 must contact Mrs. Kay Krause in the registration line.

Opera Tickets

A limited number of tickets to the operas, "Electra" and "Tristan and Isolde," are available for State students. Twenty tickets to each performance are available in the ASSFSC business office for \$3 each. "Tristan and Isolde" is scheduled for Wednesday, October 7, and "Electra" is slated for Wednesday, October 30. Both operas are to be held in the War Memorial Opera House, with the performances beginning at 8:15 p.m.

Bookstore Hours

The ASSFSC Bookstore will remain at the old campus during registration and until the building under construction at the new campus is completed.

The hours will be from 8 a.m. to 4 p.m. Monday through Friday during the semester, however it will be closed from 11:30 a.m. to 12:30 p.m., September 15 through September 30.

Grads, Seniors, Juniors Enroll Today; Sophomores and Frosh Register Tomorrow

Registration begins today for State's fall, 1953, semester. Students will enroll in their classes in the first regular session new campus registration.

Graduate students, seniors, and juniors will register today starting at 8 a.m. Sophomores and freshmen will register tomorrow and those who have not pre-registered by September 15 will register Thursday. Classes scheduled on that day will begin Friday.

On-Campus Clubs Must File Cards

All on campus organizations must file an organization card within the first two weeks of the semester to remain on the official list of on campus organizations, according to Miss Jean Bunnell, activities counselor.

A card must be filed in both the ASSFSC business office, located in the Associated Students hut, and in Miss Bunnell's office, room 168 in the administration building. Blank cards may be obtained in each of those locations.

The requirement of filing the organization cards was passed by the Board of Directors last year. Several organizations were suspended from on campus status last year for failure to file the cards.

Radio-TV Confab Planned for SFSC

San Francisco State will be the site of the 7th Annual Western Radio and Television Conference on February 18, 20, 1954, it was announced by Allison J. McNay, supervisor of educational relations for Standard Oil Company of California and chairman of the conference.

Facilities for the conference have been made available on the new campus by President J. Paul Leonard and Dr. William Knuth, chairman of the department of Creative Arts.

The Western Radio and Television Conference is a nonprofit organization established to plan and offer conferences accessible to the western states where all who share an interest in the greater use of radio and television in the public interest can gather and exchange ideas.

Draft

All students subject to selective service must carry an academic load of 15 units per semester. For further information concerning selective service regulations, contact Mrs. Kay Krause, Room 166, new campus.

There was an error in the College Calendar in your Time Schedule. Clip this revised calendar and paste it over the one in your Time Schedule

COLLEGE CALENDAR FALL SEMESTER, 1953

August 19	Applications must be on file to assure consideration for admission
September 8, 9, 10	Freshman Camp
September 8, 10	Orientation for new students
September 10	Faculty Meeting
September 11, 14	Advising days
September 15, 16, 17	Registration
September 17	Last day of registration without fee of \$2
September 18	Instruction begins
September 25	Last day for registration for regular students
September 25	Last day for registration for limited students
September 25	Last day for change of program without fee
October 2	Final date for adding a course to the program
October 16	Last day for filing applications for diplomas and/or credentials
October 16	Final date for dropping course without penalty for failing work
November 6	Final date for faculty midsemester reports on student progress
January 18-28	Nonactivity period (no student activities to be held)
January 21-28	Final examination period
January 29	Fall semester closes

Frosh Campers Home, Ready for Registration

One hundred seventy-six left Frosh Camp at Asilomar-by-the-Sea last Thursday, tired but wise in the ways of college life. The frosh were counseled in a busy three day schedule in the second annual Frosh Camp.

Under the direction of Al Henderson, 24 counselors and faculty advisors spoke to the freshmen and answered questions, while at the same time recreational activities were not overlooked.

TRAINS FUTURE LEADERS

"The basic purpose of Frosh Camp," according to Henderson, "is to orient the incoming freshmen students to the extra-curricular part of college life and to discover and train those who are thought to be future student leaders."

Henderson added that the academic offerings of State are explained to the freshmen also.

RECREATIONAL ACTIVITIES

The recreational activities included swimming, tennis, dancing, and merely loafing. A campfire was held on the beach at which some of the sponsors spoke and school songs were sang. The gathering was concluded with the school hymn. The crowd then adjourned to a movie and dancing.

The counselors explained the history of the school, and its traditions. They also outlined the student government, the administrative setup, and services offered to the students. The G.E. program was presented to them, followed by a discussion on se-

lection of majors and advising.

COUNSELORS ATTENDING

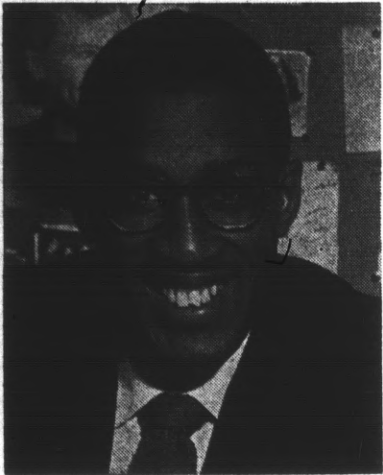

The counselors present were Joe de Victoria, Carol Kruse, Karl Knuth, Evie Benson, Leonard Landgren, Paula Lang, Ron Jones, Dick Laine, Dan Caldwell, Marjorie Robson, Ed Kellett, Joan Ruscitti, Diane Picchi. Jack Anderson was entertainment director, Don Dell'Ara, athletic director, Carol Benefield, assistant camp director, and Alan Henderson, camp director.

Representing the faculty and administration at the camp were Col. McCarthy, Dr. Brink, Mr. Loomis, Miss Jean Bunnell, a nurse, Mr. Tom O'Connor, who took pictures, and Marjorie Morrison, an alumnus.

ASSFSC President's Welcome

Welcome!

On behalf of the Associated Students of San Francisco State College I extend sincere and heartfelt greetings to you. It is with great enthusiasm and anticipation that we enter the fall semester of 1953. This year will find our New Campus the center of college life for the first time. Now that you have become one of us, you have a vital part to play in the building up of the "Spirit of State."

Bert Phillips

Whether you are a Freshman, Transfer, or Graduate student, I invite you to participate in the varied program of student activities available. These activities not only provide enjoyment and fellowship, but also sound and effective training in those aspects of leadership, teamwork and co-operation that are an integral part of the educated man or woman.

The advantages of San Francisco State College may be great or small, depending largely upon you. Keep in mind that there are two sides to college life, academic and extra-curricular. Try to maintain a healthy balance between the two.

You are a necessary part of the college for without you we would cease to exist, and with you as a State rooster and booster, we will grow stronger and better. If you are interested and would like to work in the Associated Students, there is always a place for you.

If there are any questions that you may have concerning student government or the college, please feel free to drop in the Associated Students' office, and ask any of the student body officers.

This is your college, and as you make new friends, enjoy student activities, and learn the things you want to know, you will feel the thrill that comes from being a part of San Francisco State College. May your forthcoming years be fruitful ones as well as happy ones.

Sincerely,

BERT PHILLIPS
President, A.S.S.F.S.C.

LETTER FROM THE EDITOR

A Letter to the Students:

Along with all of the other welcomes extended to you, we would like to welcome you to the pages of our newspaper. It will, we hope, serve you as a source of entertainment, as well as a guide to various campus functions throughout the semester.

This is your newspaper. You have paid for its production, so we attempt to make it as interesting as possible for you. Realizing the diversification of your interests, we hope to have a variety of topics and events covered during this semester.

You may disagree with some statements or ideas found in our columns. When you do, please tell us, otherwise it is necessary to guess your reading desires. Our paper is open to your ideas and comments in the "Boiler Room" section. All that is necessary to write a letter is your signature and Associated Student membership card number at the bottom of the letter. Because of space limitations we have to ask that you make the letters brief as possible. For the same reason, we may not be able to print your letter immediately.

Again we say welcome, and we hope to hear from you.

The Editor

Student and Graduate Scholarships Are Available, Listed by Dean Wells

The following is a list of scholarships available to the students of San Francisco State and the requirements for application. Applications may be made to Dean Wells, associate dean of students, in the administration building, room 168.

Dean Wells stated that, "For the most part, students who apply for any of these scholarships should have at least a 'C' average and should be prepared to give evidence of need of financial assistance." Further details are available at any time in Dean Wells' office.

Alpha Omega—\$25.00, women only—first week of semester.
Bib 'n' Tucker—\$21.50, women only—first week of semester.
Faculty Quartet—\$1.00, any student—see Dean Wells office.
Humanities Division—\$100, up-

per division or graduate major in Humanities—see Dean Wells office.

Kappa Theta Alumnae—\$25.00, women only—first week of Fall and Spring semester.

Phi Lambda Chi—\$35.00, women only—see Dean Wells office.

Quota Club—\$75.00, students specializing in hard-of-hearing education—see Dean Wells office.

Sigma Alpha Eta—\$25.00, men only—see Dean Wells office.

Sigma Delta Gamma—\$22.00, women only—see Dean Wells office.

Todd Memorial—4 at \$25 each, women majoring in home economics; 6 at \$25 each, men majoring in economics, history, or government—first week of semester.

Women's P.E. Alumnae—women only—see Dean Wells office.

Transplanted: College Union Dining Hall Open Today

The College Union Dining Hall, as the new food service building at the new campus is called, is having its grand opening today, although portions of it were open during the orientation period.

It consists of several rooms designed for various needs of the diners and coffee drinkers. A main dining hall, a grill room, two group dining rooms, and a faculty dining room make up the \$700,000 modern structure.

The hours of the main dining room will be from 9 a.m. to 3:30 p.m. and it will be closed from 10:30 a.m. to 11 a.m. daily. The grill room will be open from 7:30 a.m. to 4 p.m. During the popular 11:30 a.m. to 1 p.m. period, the grill room will be limited to its seating capacity only. The faculty dining room will be open from 11 a.m. to 1:30 p.m. daily. The two group dining rooms will be open only as needed.

The individual rooms do not as yet have names, although it was decided in a summer meeting of the Board of Directors to conduct a campus-wide contest this fall to name them. The Gater will carry the details in a later issue.

A checking counter will be located near the door at which coats and books may be left. No books or coats will be allowed at the tables. In the event students leave objects or lose them in the dining halls, they will be them in to lost and found. held for one day before turning

The faculty, students, and staff, are requested to cooperate by bussing their own dishes. Mrs. Erna Lehan, director of food services, stated that, "If the people using our facilities cooperate in bussing their dishes, we will have a much nicer looking dining room." She added that some of the furnishings in the dining rooms are only temporary, pending the arrival of the permanent equipment.

The cafeteria at the old campus will be open from 9 a.m. to 3 p.m. during the registration period and from 7:30 a.m. to 3:30 p.m. daily during the semester.

The Gater Grill, which was used as a temporary measure at the new campus will be permanently closed.

Registrar Tells of New Grade Rules

The Registrar's office has announced that October 16, 1953, will be the last date to withdraw from a course without penalty.

A student officially dropping a course after the fourth week of instruction, October 16, will receive a grade of FW if his standing at that time in the course is below passing. If the student's work is passing he will receive a grade of W.

If a student drops out of a course for which he is registered, without filing a revised program card, he will receive a grade of F.

The grade of NR (No Report) has been discontinued for instructors' final grade reports.

Statistics Show Women Outnumbering Bachelors

By HAL GRANT

Bachelors beware!

According to recent Census Bureau figures your bachelorhood may be short lived. The Census Bureau states that there are only 61 "eligible" bachelors for every 100 "eligible" women.

For statistical purposes, the bureau called females of 18 through 24 years "eligible." Males were rated "eligible" at 21 through 27, because men are generally about 3 years older than men at their first marriage.

State bachelors need not worry as much, however. A survey taken last spring stated that there were 92 single males for every 100 single females. This was an over all survey and did not consider the "eligibility" of the male.

After eliminating itinerant servicemen, here and overseas, the bureau turned up with these comparisons.

There were only 61 eligible civilian males in the 21-22 age group for every 100 girls of 18 and 19 last year. There were 89

of such males per 100 girls in 1950 but the draft bit into the supply.

Things were better but not perfect for the single woman aged 20 through 24. In that age group there was .94 per cent of a man of 23-27 years for every woman. Back in 1950 there was 1.05 men, meaning a man for every girl and 1.20 of a man left over.

From 25 on up to age 35, the bachelor girl finds a better chance statistically speaking. There are 116 single civilian men for every 100 women at that stage, but the bureau does not appraise the males willingness to wed.

Census takers found that the number of married persons and families reached record levels last year regardless of these matchmaking problems and despite the drop in the total number of young people of marrying age. The latter decline was due to lower birth rates in the depression years of early 1930's.

You Missed the Fun

The students who did not attend the summer session at State missed a full program of entertainment, relaxation, and educational activities, sponsored by the Associated Students and the Recreation department.

The Associated Students presented a lecture series featuring Dr. S. I. Hayakawa, semanticist, Mr. Norman Stines, first secretary in the American Embassy in Moscow, Meredith Willson, musician and composer, and Mr. Richard Gump, San Francisco businessman.

The ASSFSC also showed weekly movies to capacity audiences, and conducted students on tours to such places as a local television studio, a cruise on San Francisco Bay, and Chinatown.

The Recreation department opened the facilities of the school's swimming pool daily.

Lost and Found

Lost or found articles may be turned in and claimed at the Associated Students hut. Checks may be cashed in the Associated Students business office at the same location.

Muni Increases 'M' Car Service to New Campus

The "M" car schedule of the Municipal Railway has been increased on a trial basis to accommodate State students rushing to 8 o'clock classes.

The City of San Francisco has cooperated with a request by the school to obtain more transportation facilities for the students, however the addition of more early morning cars is an experimental program to determine student response to the better service.

The city will keep a record of the number of patrons using these early morning services, and if the patronage is sufficient, the service will be continued. If the facilities are not used or partially used, the additional service will be discontinued or reduced in proportion to the number of patrons.

A survey was conducted by the school at the request of the Public Utilities Commission to discover how many students would need transportation for certain classes. The results were not complete, therefore, the city

is initiating the experimental program.

President J. Paul Leonard stated, "We earnestly request the cooperation of the students in making full use of the facilities. It is important that we use them now more than ever because we must demonstrate to the city that we need the facilities. The parking space on the new campus will not be ready until March, therefore all students who can use the transportation facilities rather than bring their own cars are urged to do so."

The following schedule applies only to those who meet the 8 o'clock classes. The regular schedule after that period will prevail.

Lv. Terminal	Lv. West Portal
6:38 a.m.	7:03 a.m.
6:43 a.m.	7:12 a.m.
6:51 a.m.	7:20 a.m.
6:59 a.m.	7:28 a.m.
7:07 a.m.	7:36 a.m.
7:13 a.m.	7:42 a.m.

In addition, students may take the "L" and "K" cars and transfer to Bus 17 at West Portal and 14th Avenue.

DATE SET FOR LATE PHYSICAL EXAMS

A single day has been set aside again this semester to carry out physical examinations at the new campus on late registrants. This date, which will be on Wednesday, September 30, has been approved by the Deans' Committee. Physical education classes will be cancelled on that date and students having appointments for examinations will be excused from their classes at that time. These students have been requested to show their instructors their appointment cards as verification.

If any student taking more than 6 (six) units has failed to take his physical examination at the college, that student should contact the Student Health Service to receive an appointment. An entrance physical examination is required of all regular students.

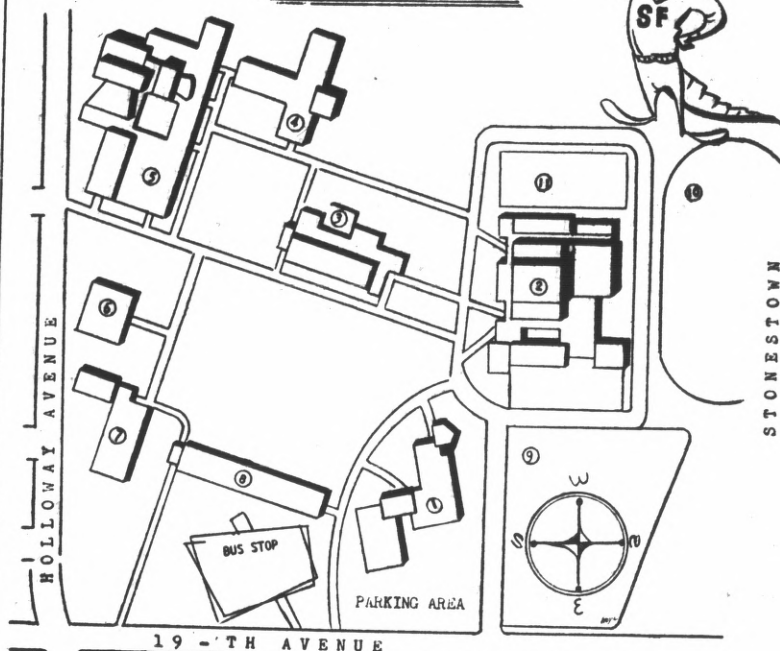

Faculty Picnic Sunday

An all-faculty picnic is scheduled for Sunday, September 20, at the new campus. An afternoon of games and sports are slated, followed by dinner and a program at 5 p.m. in the new College Union Dining Hall.

Although coffee will be served at the dinner, participants are requested to bring their own box lunches. The activities will begin at approximately 3 p.m.

Good Prospects Seen For '54 Football Season

'Strongest Team in Years' Starts SFSC Boxing Season

Fawcett Seen As Intercollegiate Boxing Champ

Spearheading one of the strongest State boxing teams in recent years, will be John Fawcett, a 132 pounder who will at the conclusion of the coming season, become the first State man ever to be awarded the coveted "blanket award," symbolizing four years of collegiate boxing.

Boxing Coach Bob Troppman feels that Fawcett will "... go all the way this year and become State's first National Intercollegiate Boxing Champion." Fawcett, captain of the boxing team for the past three years, has already annexed the 1951 Far Western Championship.

Other standouts on the team will be light-heavy Jerry Harper, one of Troppman's "best prospects," Sophomore Bob Carrillo, 132 pounder who was last year's Northern California Intercollegiate lightweight champion, and junior Dick Kelley, a two year man who according to Troppman, may be a champ.

JV Football Coach Invites Tryouts

All men interested in playing Junior Varsity football should contact Coach Don Clare at the new campus gymnasium immediately. Practice is slated to begin next week.

Last year's JV gridballers broke a three year losing streak when they defeated the Chico State JV's by a 24-6 count.

DUNCAN HOLDS RECORD

Booters Case for Missing Persons

Soccer practice opened this week, and Coach Art Bridgeman found himself without two all Americans, two other all stars, a manager, and a mystery man.

The two missing all Americans are graduates Andrews and Kashaveroff, the missing all stars are Hansen, another graduate, and Paul Alabona, who will be entering the Army soon, the missing manager is anybody who wishes the job, and the mystery man is Oscar Rivas, one of last season's stars, who for some unknown reason has failed to show himself for practice.

Despite this dismal report, Bridgeman should still be able to field a formidable soccer team this coming season. Rudy Sampson, last year's leading scorer will be returning, as will Herb Anderson, one of last year's all stars. Also finding their way back to the home camp will be veteran lettermen Frank Verducci, Frank Silva, a fine wing, Jim Delegete and a boy from whom much improvement is expected by Bridgeman, Ralph Yakushi.

Newcomers who Bridgeman is hoping to bank on are Jim Shettler, Al Thurling, and Bill Olsen, who will be trying to fill in the void left by Kashaveroff at the goalie spot. Bob Quattrin, a good looking sophomore prospect, may not be able to come out because of employment obligations.

Bridgeman is still looking for new players, as he will have a J.V. season scheduled.

Shettler to Lead Distance Runners

Veteran distance runner Jim Shettler will lead the San Francisco State College cross country team this season. Shettler, 1950 Dipsea champion and S. F. State mile record holder, is expected to pilot the 1953 squad to a highly successful season. State's 1952 team concluded their season with a respectable 5-3 win, loss record.

Proposed meets for the '53 team include San Jose State, University of California, Stockton College, Modesto JC and Fresno State College.

Choice prospects for the team

New Record 65 Turn Out for Verducci's Session Tuesday; Duncan Standout Returnee

By CAROL MUNROE

A record number of pigskin hopefuls reported for Coach Joe Verducci's opening practice session at Cox Stadium last Tuesday.

The 65 reportees included State's Little All-American candidate Maury Duncan and 14 other lettermen. Duncan is rated one of the nation's top small college Q.B.'s. He was fifth in total offense across the nation in 1952 with 1591 yards. He completed 89 passes out of 174 attempts for 12 TD's and 1648 yards. He lost 57 yards trying to get his tosses away.

The Gators should be strong in the middle with returnees Jerry Harper and Larry Conover at center. Guards Don Slates, Jess Jones, and George Kerko-vich were all outstanding in 1952. The tackle spot is weak with veteran Bob Foote the only tested man. Roy Nonella, a 200 pound sophomore, who developed rapidly last year and 225 pound Ron McClure are being counted on heavily.

ENDS STRONG

Experienced ends George Wehner, husky 190 pounder, and Tony Fardella, 185, should get help from Joel Heckman, a 190 pound sophomore who made all Contra Costa at John Swett High.

John O'Shea, the Gators' top running back in 1952, has graduated and veteran John Fortson was drafted, but Verducci retains a collection of shifty, fast ball movers.

DRIVERS RETURN

Most of the veterans are short

husky drivers who hit surprisingly hard. Included in this group are Rudy Smith, 160, the team's top scorer in 1950 who has been plagued with injuries since; Harry Bremond, very shifty and tough; Dick Nave, another scab-back at 160, and Gary Dunn, a defensive back in '52.

SPEED PROMISED

Walter Bremond, Harry's brother, transfers in from San Francisco City College. Wait, 160, is a track sprinter and will give the Gators plenty of speed. Dick Storm, 19 pound fullback, and sprinter Bob Lualhati, a promising soph at 170, are other returnees.

The Gators open their eight game schedule on Oct. 2, hosting Cal Tech in a night game on the Lake Merced campus.

New Photography Courses Offered

Art Department Expands With Modern Studios

Creative photography will be offered the State student this fall complete with a new addition to the faculty, fabulous new studio and laboratory, and courses designed to include the camera "as another creative expression in the art field." The courses are designed to be of general interest to all phases of student curriculum.

TWO CLASSES OFFERED

Mr. John Gutmann, associate professor of art, and present instructor in photography, announced that a pair of classes, Art 165.1 and Art 165.2, will make up the fall photography program. A new instructor from the east will assist Gutmann.

Elementary photography will consist of the basic principles in optics, dark room procedure, and light investigation. The second class of advanced photography will concern itself with composition, subject matter selection, design and picture stories and experimental techniques as creative art expression.

"It is our hope to offer four or five more specialized courses in the near future," Gutmann commented. "We recognize the need for creative investigation in photography besides the usual technical and journalistic approaches. We will emphasize good technique, not for its own sake but as a means to create fine photographs. Our new facilities, the most modern to be found, should certainly be conducive to the creative spirit."

FINEST DARK ROOMS

Divided into three separate rooms of the Visual Arts and Industries building, the studio and dark rooms have been labeled one of the finest plants in California. Equipment is scarce, but what little has been made available is of the very best quality and design.

Designed by Mr. Guttman specifically for State students, the new laboratory consists of a large dark room where 12 students can develop their prints at a 17 foot giant stainless steel sink. Each student will work in his own enlarging area. A finishing room with newest print washing and drying arrangement is available. It also has a built-in row of 6 individual dark rooms where students can work on an advanced level in privacy. There are also a special mixing room and a checkout room for equipment. An up-to-date studio provides excellent day-lighting as well as artificial-light effects. All dark rooms have stainless steel sinks, are especially designed for light-tightness, and an ingenious lighting system which eliminates the traditional hazard of unsuspecting students barging into occupied dark rooms.

FULL-TIME PROGRAM

With such generally excellent facilities as these being offered the students, the Creative Arts division hopes to one day have a full-time program for the photographer.

In the meantime, students interested in being able to partake and enjoy the newness and originality of these facilities and the courses being offered, are urged to either call or see Mr. John Gutmann in room 208 of the Arts and Industries building.

FOILED IN ATTEMPT TO REKINDLE SPIRIT OF OLD WILD WEST

By HARRY CUTHBERTSON

Men (female schoolma'ams, don't read this), don't ever say the Old West is dead. Last Saturday, even without my cayuse or my shootin'-iron, I cussedly near caught a varmint worth \$500, dead or alive.

This saloon I swung into was named "Rickey's," close by where the Southern Pacific coral is. Natural-like, it looked and smelled like easterners. Fresh off spring range, I only wanted a shave, shower, shine, shampoo.

Well, first thing struck my eye, after paying a eastern price for a western drink, was a goshawful big store-written sign near the payday-box, like this:

**"Five Hundred Dollars
REWARD
Wells Fargo & Company Will
Pay \$500**

For the arrest and conviction of the robber who stopped the Quincy Stage and demanded the treasure box on Tuesday afternoon, August 17, near the old Live Yankee Ranch, about 17 miles above Oroville. By order of J. J. Valentine, Gen'l. Supt. . . . August 18, 1875."

I squinted twice at that date, and told the schoolma'ams (a female critter) there, I says, "He's got a whopping big lead on us, we best get after him quick." She looks at me funny-like and says, "Good for us," she

says, and presses a button. Me being without my chaps or my Texas Ticklers (spurs, some call 'em), a big hombre like a clovercoliced steer comes by and throws me plumb out into the street. Made me wish I hadn't worn my dude clothes to town.

Gun or no gun, I trotted right back into this cantina, and I shouted, "Men, we gotta get up a posse and go after this here varmint!"

Well, either they was too many lily-livered easterners in there, or too many hands from that varmint's own outfit — but not one male-critter slid off his table-saddle. Not one.

It makes me right sad think-

ing about it. No real western men in the whole bunkhouse. And it ain't as if the cuss who stuck up the stage was real spry or could have much shooting-eye no more—he'd be too old by now.

I reckon this is a sad kind of a story, and I'm blamed glad I shoosed the schoolma'ams away from reading it. They always like to have everything turn up real sunny and purty, so they can pass it on to the young ones like that. But men, I can't no more pull leather yarning you this story than I could do likewise in the saddle. The Old West ain't buzzard-dead, but men, it's a dyin' fast.

**LOW
IN NICOTINE**

**HIGHEST
IN QUALITY**

When you smoke Chesterfield it's so satisfying to know that you are getting the one cigarette that's low in nicotine, highest in quality.

A fact proved by chemical analyses of the country's six leading cigarette brands.

And it's so satisfying to know that a doctor reports no adverse effects to the nose, throat and sinuses from smoking Chesterfield.

The doctor's report is part of a program supervised by a responsible independent research laboratory and is based on thorough bi-monthly examinations of a group of Chesterfield smokers over a period of a year and a half.

Chesterfield is best for me—my steady smoke for 7 years.
